# UA2 THIN CLIENT

IGEL | Ready

5 YEARS WARRANTY

An innovative thin client solution for enhanced efficiency and employee engagement

1 Which industries can the UA2 be applied to?

Compact and hand-sized, UA2 features an Intel® Alder Lake N100 CPU with up to 3.4GHz max turbo support, enhancing graphic and overall performance. This mini, quiet, yet high-performance thin client is ideal for healthcare, insurance, or financial industries.

2 Why UA2 is the cost-effective solution?

The UA2 features a fanless design, consuming up to 8 times less power than traditional PCs, effectively extending the product's lifespan. Additionally, it comes with a 5-year warranty service, significantly reducing operational costs.
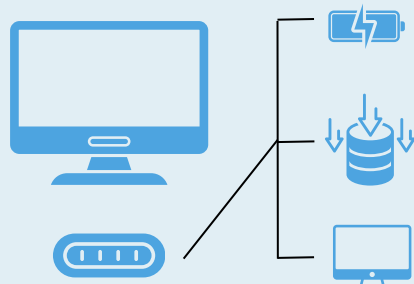

UA2 IS A SOLUTION FOR A DIVERSE WORKFORCE

1 Enhanced employee engagement

Supports three-monitor displays and AVX2 instruction sets to enhance multimedia and UC solutions, enabling real-time video conferencing, instant messaging, and team collaboration

2 Support Full-functioned USB-C

Streamline your setup with UA2's full-function USB-C, providing data storage, power delivery, and monitor display in one slim device

3 Sustainability-focused Thin Client Solutions

Partner with us for eco-friendly practices—UA2 features 30% Post-Consumer Recycled (PCR) plastic, promoting sustainability for a better environment
